

# ECWS FLUID PUMPING EQUIPMENT

## SUPPORT EQUIPMENT

### Why Work With Essential?

Essential Coil Well Service (ECWS) has one of the largest coiled tubing fleets in Canada.

Our mastered and conventional coiled tubing units work in conjunction with our fluid and nitrogen pumping fleet, aligning our services in a high demand, high utilization, deep well market.

Our mission includes the delivery of safe, reliable and cost-effective oil and gas services. We approach our service as a partnership - our success is linked to our customers' success, and we build lasting relationships based on trust, reliability, and extraordinary service.

Additional benefits include:

- 24/7 on-call Engineering support
- Quality control with services
- Real-time job monitoring
- Post job and trend analysis
- +20 years of experience operating industry equipment
- Among lowest TRIF in the industry

### Support Equipment - Iron Trailer

Performing operations remotely presents challenges in the oil and gas industry, in terms of distance and supply. ECWS has the necessary equipment to keep operations running smoothly with fuel storage capabilities, iron support and chemical additive storage for well completions and interventions.

ECWS iron trailers have you covered, with additional iron requirements for surface rig-ins that exceed our fluid pumps standard footage. These iron trailers are equipped with an additional 152 m (500 ft) of iron that includes chocks, valves and certified restraint system that meet industry standards. All iron and resistant systems are certified yearly.

In addition to the iron trailer, the unit is equipped with a chemical additive system that stores 2 x 1000L working totes, pumps and lab area for all your testing, and injection requirements.

### Features and Benefits:

- ✓ 500 ft of additional 2" or 3" pumping iron
- ✓ Safety slings, valves and fittings to accommodate
- ✓ 5.0 m<sup>3</sup> of additional fuel storage
- ✓ Storage for 2 x 1000 L chemical totes (heated and cooled)
- ✓ Spacious lab area
