

# ECWS COILED TUBING SOLUTIONS

## ECWS Advanced Fluid Simulation Program (Circa)

- Accurate modeling for:
  - Solids transport analysis (CTRAN)
  - Optimized post frac cleanout
  - Friction losses
  - Rheologies
  - Fluid database
  - Dual-phase flow correlations
  - Completions flow back (frac)
  - H2S inhibitor requirement
  - Abrasive perforation analysis

24 Hour Engineering Support - Job Monitoring - 24 Hour Dispatch Hotline
