

ECWS FLUID PUMPING EQUIPMENT

SUPPORT EQUIPMENT

Why Work With Essential?

We operate one of the largest coil tubing fleets in Canada. Our Masted and Conventional coil tubing units work in conjunction with our Fluid and Nitrogen pumping fleet, which aligns our services in a high demand, high utilization deep well market. Our mission includes the delivery of safe, reliable and cost-effective oil and gas services that reward customers, investors, employees and the community. We believe in approaching our service as a partnership in which our success is inextricably linked to that of our clients. We are dedicated to building a lasting relationship based on trust, reliability, and extraordinary service.

Additional benefits include:

- Industry leading TRIF; we care about the safety of each other and our environment
- 24/7 on-call Engineering support
- Quality control with services provided to our customer
- Real-time job monitoring capability for different types of operations
- Post job and trend analysis following the completion of operations
- +20 years of operating industry leading equipment

Support Equipment - Iron Trailer

Whether performing operations with remote fuel access, long surface iron rig ups, sand suspension or hanging the injector high above the swab valve, we have the necessary equipment to make it happen without calling in a third party.

Our iron trailer carries surface iron in varying sizes, additional hoses, fuel and anything else extended jobs may require.

Features and Benefits:

- ✓ 500 ft of additional 2" or 3" pumping iron
- ✓ Safety slings, valves and fittings to accommodate
- ✓ 5.0 m³ of additional fuel storage
- ✓ Storage for 2 x 1000 L chemical totes (heated and cooled)
- ✓ Spacious lab area
